

# Our core values and principles

## Values

### Integrity

We commit to being 100% honest when dealing with all customers, suppliers, and colleagues. We respect others' beliefs and cultures.

### Reliability

We are a reliable company, with over 100 years of combined experience in the field of vending. We offer quality products and services whilst consistently exceeding expectations.

### Passion

We are passionate and dedicated to what we do. We strive to broaden our skills and knowledge, allowing us to give our customers the best service.

## Code of Ethics

### Our team

We respect each and every team member and continually invest in training to ensure our service is of the highest quality.

### Our customers

We take pride in our collaborative relationships with our customers and provide them with an excellent customer service, allowing us to develop long-term relationships all over the world.

### Our industry

We use the latest technology to enable us to bring innovation and ideas to the vending industry and provide access to niche branded machines.

### Our planet

We play our part in helping protect our planet with our recycling policy. All our scrap goes to a weee registered recycling plant to be recycled, and any machinery that is too old for the UK market get sold to developing countries to avoid them going to landfill.
